Organized by the Europhotonics MSc. and Doctorate Programs (students of the Master in Photonics are also invited).

- Master Thesis Project

BLOCK 4 is devoted mainly to the Master Thesis work

Final oral defense sessions will be organized in **July (18-20) & September (5-7)**

GENERAL ASPECTS

- LABORATORY:**
- **SESSION 1:** October 3th & 6th, 2017
 - **SESSION 2:** December 1st and 4th, 2017

SEMINARS:

A slot of **2 hours/week** (on Wednesday from 11 to 13h) are reserved for **seminars** given by internationally well-known invited professors and researchers as well as specialists in different fields of applied photonics coming from companies. These seminars will be announced few weeks in advance and there will be held in Campus Nord, when possible. They are part of the Master program and the assistance is compulsory.

EXAMS AND EVALUATION PRECEDURE:

Professors of each course decide the evaluation procedure, as pointed out in the Course Contents. The evaluation acts (exams, presentations,...) will be done within the scheduled "Exam week" at the end of each teaching block. Nevertheless, exceptionally, some evaluation act could be performed outside those scheduled times if professor and students agree on that.

OTHER POSSIBLE CIRCUMSTANCES

If, exceptionally, some unexpected circumstance appears, which obliges to cancel some lecture session, or some special activity is planned, it could be performed outside the scheduled, if professor and students agree.
