

DAY OF PHOTONICS OCT 21, 2016

At Monocrom, we also do PHOTONICS

Come to see how!

At Monocrom, we welcome you to celebrate together the Day of Photonics on Oct 21st.

Visit our facilities accompanied by our staff who will explain you how our laser devices are designed in our R&D department, and later manufactured in our clean rooms and labs.

Meet our R&D engineers who will show you the stages of product design.

- . **product concept**
- . **optics design**
- . **laser electronics design**
- . **modeling and simulations**

Learn about laser applications and share your thoughts with us.

Vacancies: 9

Duration: 2 hours

Language: Spanish

Place: C/Vilanoveta 6, 08800 Vilanova i la Geltrú

Please e-mail to e.emilova@monocrom.com to confirm attendance.
