Deneb Medical (www.denebmedical.com) is a start-up based in San Sebastian (Spain) focused in the development of a novel surgical robot. The company is looking for an Expert in Artificial Intelligence that will lead all the activities in this area.

This is an excellent opportunity for an engineer with broad experience in computer vision and machine learning seeking to apply his/her talent and knowledge in the medical industry. The candidate will have a great degree of freedom to put his/her skills into practice in an ambitious project with international reach and excellent future perspectives.

Requirements:

- A minimum of 5-year professional experience in artificial intelligence, more specifically in computer vision and machine learning
- Extensive knowledge of statistics
- Master’s degree or PhD in Engineering, Computer Science or Mathematics
- Deep knowledge of Python and Matlab/Simulink
- Fluent in English

If you are interested please send an email with your CV, academic record and cover letter to info@denebmedical.com.
